Enabling our local communities to grow and supporting causes close to our hearts

At PLS Solicitors, we are committed to enabling our communities to grow and supporting causes close to our hearts.

Since our inception, PLS has been supporting our local communities, either through our own roots or the passions of the PLS team.

Over the past 10 years our team has played an active role in supporting causes close to their hearts with energy and enthusiasm - from sponsoring our local football team, Altrincham FC, and Manchester Mayhem, our local para-ice hockey team to arranging charity fundraisers for Save the Children, Mission Christmas and individual causes that matter to our staff. This year our charity of the year is Papryus. A moving cause to raise the profile of how to prevent suicides in young people in the UK.

We are also active in supporting our profession locally. Last year we introduced the PLS Academy for young people uncertain about their choice in career. Supported by our Make the Change campaign, the Academy encourages young people to make the switch and think about law and conveyancing as a profession. The Academy takes them from novice to expert. This has been a tremendous success.

Co-Founder

"The Manchester Mayhem Para-Ice Hockey Club has been sponsored by PLS Solicitors for the past 2 seasons.

The help they have provided has been of significant to the club and its players. Financially, it has helped cover costs incurred with the sport, ice time and equipment. However the most important part is the sense of belonging this partnership brings.

The team not only feels supported and part of the local community but through PLS' commitment and enthusiasm, we feel part of the PLS Solicitors team too.

Disability sports has a hard time getting recognition, unless the Paralympics are on, so to get a big company like PLS Solicitors taking time to actively promote us, really gives everyone involved with the team a sense of pride and belonging.

Make the change

At PLS Solicitors we are committed to supporting our field of law by investing in the talents and skills of young people in our community.

**Sarah Millican**

Head of HR

The PLS Academy introduces new employees to the world of conveyancing with the aim of turning them into knowledgeable professionals in just a few short months. Largely classroom based, the Academy teaches the students all aspects of conveyancing - buying, selling and re-mortgaging houses.

They work on live cases, supported by expert conveyancers and our in-house training team. This way students learn everything from case inception to post completion. They also start to identify with the area of conveyancing they feel most passionate about. The first year has been a tremendous success.

"The Academy gave me the confidence to hit the ground running. Every day was a different challenge, some days we would work individually on live conveyancing files and other days we would work together asking questions and supporting each other"  
Ellie, Academy Graduate
